

PUBLIC EXHIBITION

THE FUTURE OF
**ROCK
COMMON**

5pm to 8pm on Friday 3rd September

Washington Village Hall (Chanctonbury)

Rock Common is a sand quarry to the north of Washington village, which is now coming to the end of its working life. To enable a safe and sustainable future for the site and allow future public access into this remarkable area, a new restoration proposal has been put forward to the West Sussex County Council.

To understand more about this proposal you are invited to a public exhibition of the plans for a new ecological landscape that will allow both people and nature to coexist within it.*

Please visit www.rockcommon.com for further information and to book a time-slot

Due to current Covid safety we ask that you pre-book a time slot before arrival

*In conjunction with this exhibition we have requested WSCC extend the period for comments on this application until two weeks after the public exhibition, so everyone has time to consider and submit their views.
